SOLIVITA COMMUNITY ASSOCIATION, INC.

ARCHITECTURAL REVIEW REQUIREMENTS

Pursuant to the Declaration for Solivita (the “Declaration”), Avatar Properties Inc., a Florida corporation, as Developer, has appointed the Architectural Review Committee (the “ARC”). Pursuant to the Declaration, the ARC hereby adopts the following procedures, which shall be known as the Architectural Review Requirements.

1. Defined Terms. All initially capitalized terms shall have the meanings set forth in the Declaration unless otherwise defined herein.
  
2. Approval Required. The ARC shall approve or disapprove any improvements or structure of any kind within any portion of Solivita including, without limitation, any building, fence, wall, swimming pool, tennis court, screen enclosure, decorative building, landscape device or object, and/or other improvement of change or modification thereto, the construction, erection, performance or placement of which is proposed upon any Home or any other portion of Solivita. The ARC shall approve or disapprove any exterior addition, changes, modifications or alterations therein or thereon. All decisions of the ARC shall be submitted in writing to the Board. Any party aggrieved by a decision fo the ARC shall have the right to request a rehearing by the ARC. Any party aggrieved by a decision of the ARC shall have the right to make a written request to the Board, within thirty (30) days of such decision, for a review thereof. The determination of the Board upon reviewing any such decision shall in all events be dispositive. Notwithstanding the foregoing ARC approval is not required for improvements or changes to the interior of a Home not visible from the exterior of a Home.
  
3. Deviations. The ARC has the right to deviate from the provision of these Architectural Review Requirements for reasons of practical difficulty or particular hardship which otherwise would be suffered by any Owner, without consent of the Owner of any adjoining or adjacent Home. Any deviation, which shall be manifested by written agreement, shall not constitute a waiver of any restriction or provision of these Architectural Review Requirements as to any other Home. The granting of a deviation or variance shall not nullify or otherwise affect the right to require strict compliance with the requirements set forth herein on any other occasion. Notwithstanding the foregoing, the ARC shall not enforce any policy or restriction that is inconsistent with the rights and privileges of Owners set forth in the Declaration or these Architectural Review Requirements.
  
4. Right to Act. The ARC may enforce the Declaration or these Architectural Review Requirements upon its own volition, or upon the request of any Owner(s) and/or the Board.
  
5. Procedure. In order to obtain the approval of the ARC, each Owner shall observe the following:

5.1 Application. Each applicant shall submit an application to the ARC with respect to any proposed improvement or material change in an improvement, together with the required application and fee(s) as established by the ARC. The current application form is attached hereto as **“Exhibit A”**.

5.2 Plans Generally. The ARC may require, at its discretion, up to three (3) complete sets of all plans and specifications for any improvement or structure of any kind, including without limitation, any building, fence, wall, swimming pool, tennis court, enclosure, decorative building, landscape device or object, or other improvement, the construction or placement of which is proposed upon any Home, which plans shall include the proposed elevation of all floor slabs and pool decks, and three (3) complete sets of the drainage plan grading plan, tree survey, lot survey, color plan and materials designation plan for such improvement or structure.

5.3 Revised Plans. Preliminary plans and drawings must be submitted to the ARC, and approval of the same obtained. The ARC may require the submissions of final plans and specifications if initial plans must be revised. All plans and drawings submitted must be signed by both the professional who has prepared such plans and drawings and the Owner of the Home, and must include (unless waived by the ARC) the following:

5.3.1. A current certified survey of the Home showing the proposed location of the improvement, grad elevation, contour lines, location of all proposed paved areas and location of all existing trees.

5.3.2 A landscape plan including a graphic indication of the location and size of all plant materials on the site (existing and proposed), and the Latin and/or common names of all plants and their planted size.

5.3.3 The ARC may also require submission of samples of building materials and colors proposed to be used.

5.4 Incomplete Application of Supplemental Information Required. In the event the information submitted to the ARC is, in the ARC’s opinion, incomplete or insufficient in any manner, the ARC may request and require the submission of additional or supplemental information. The applicant shall, within fifteen (15) days thereafter, comply with the request.

5.5 Quorum. A majority of the ARC shall constitute a quorum to transact business at any meeting. The action of a majority present at a meeting at which a quorum is present shall constitute the action of the ARC. Meetings, of the ARC must be open to all members of Association.

5.6 Time for Review. No later than thirty (30) days after receipt of all information required by the ARC for final review, the ARC shall approve or deny the application in writing. The ARC shall have the right to disapprove any plans and

specifications which are not suitable or desirable, in the ARC's sole discretion, for aesthetic or any other reasons or to impose qualifications and conditions thereon. In approving or disapproving such plans and specifications, the ARC shall consider the suitability of the proposed improvements, the materials of which the improvements are to be built, the site upon which the improvements are proposed to be erected, the harmony thereof with the surrounding area and the effect thereof on adjacent or neighboring property. In the event the ARC fails to respond within said thirty (30) day period, the plans and specifications shall be deemed disapproved.

5.7 Rehearing. In the event that the ARC disapproves any plans and specifications, the applicant may request a rehearing by the ARC for additional review of the disapproved plans and specifications. The meeting shall take place no later than thirty (30) days after written request for such meeting is received by the ARC, unless applicant waives this time requirement in writing. The ARC shall make a final written decision no later than thirty (30) days after such meeting. In the event the ARC fails to provide such written decision within said thirty (30) days, the plans and specifications shall be deemed disapproved.

5.8 Appeal to Board. Upon final disapproval (even if the members of the Board and ARC are the same), the applicant may appeal the decision of the ARC to the Board within thirty (30) days of the ARC's written review and disapproval. Review by the Board shall take place no later than thirty (30) days subsequent to the receipt by the Board of the Owner's request therefore. If the Board fails to hold such a meeting within thirty (30) days after receipt of request for such meeting, then the plans and such plans and specifications shall be deemed disapproved. The Board shall make a final decision no later than sixty (60) days after such meeting, such plans and specifications shall be deemed disapproved. The decision of the ARC, or if appealed, the Board shall be final and binding upon the applicant, his heirs, legal representatives, successors and assigns.

5.9 Procedures. The ARC shall adopt, from time to time, additional procedures and forms necessary to carry out its responsibilities under the Declaration and these Architectural Review Requirements.

## 6. The Criteria.

6.1 Alterations. Any and all alterations, deletions, additions and changes of any type or nature whatsoever to then existing improvements or the plans or specifications previously approved by the ARC shall be subject to the approval of the ARC in the same manner as required for approval of original plans and specifications.

6.2 Time for Completion. Construction of all improvements shall be completed within the time period set forth in the application and approved by the ARC.

6.3 Permits. The Owner is solely responsible to obtain all required building and other permits from all governmental authorities having jurisdiction and is responsible for compliance with all applicable building and zoning codes.

6.4 Harmony and Appearance. The ARC shall have the right of final approval of the exterior appearance of all Homes including the harmony of the architectural design with the other Homes within the community including, but not limited to, the quality and appearance of all exterior building materials.

6.5 Architect. All Homes and structural improvements and buildings within Solivita shall be designed by a Florida licensed architect.

6.6 Setbacks. Each owner is responsible for compliance with any building codes and setback regulations. The minimum front, side and rear setbacks and minimum square footage for all Homes in the Community shall be as required by the Polk County Zoning Code and/or applicable municipal code and/or Florida Building Code, whichever is more restrictive.

6.7 Type. No building shall be erected, altered, placed or permitted to remain on any residential Lot other than a Home. Unless approved by the ARC as to use, location and architectural design, no garage, tool or storage room, playhouse, screened enclosure, greenhouse, or other structure may be constructed separate and apart from any residential building nor an such structure(s) be constructed prior to construction of the main residential dwelling.

6.8. Work Commencement. No work shall commence prior to approval by the ARC. No foundation for a building shall be poured, nor pilings driven, nor shall construction commence in any manner or respect, until the layout for the building is approved by the ARC. It is the purpose of this approval to assure that removal of desirable existing trees is minimized and that the building is placed on the Lot in its most advantageous position.

6.9 Exterior Color Plan. The ARC shall have final approval of all exterior color plans including materials and each Owner must submit to the ARC, a color plan showing the color of all exterior surfaces which shall include samples of the actual colors to be utilized and the materials, The ARC shall determine whether the color plan and materials are consistent with the Homes in the surrounding areas and that they conform with the color scheme of the Community. The color plan must be submitted prior to construction or repainting. The ARC, at the direction of Association, reserves the right, and is hereby given the right, to determine that any building in the community is in need of outside painting. In the event the determination is made that a building requires outside painting, the ARC shall give the Owner(s) of such building notice of such determination, which notice shall be accompanied by the demand that such Owner(s) comply with such demand within forty-five (45) days after the mailing of such notice. In the event such Owner(s) fail to comply with such notice and demand, the ARC shall have the right, but not the obligation, to cause such outside painting to be done and performed,

and shall make an Individual Assessment against the Owner(s) to cover the costs of such outside painting, including, without limitation, and administrative fee equal to the greater of \$50 or 15% of the cost of such work, and shall have full lien rights against the Home as set forth in the Declaration. Notwithstanding the foregoing, in the event a determination is made that a Paired Residence is in need of outside painting, Association (i) shall be responsible for such outside painting, (ii) shall make an Individual Assessment against the Owner(s) to cover the costs of such outside painting and (iii) shall have full lien rights against the Paired Residence as set forth in the Declaration.

6.10 Roofs, Eaves and Gables. All roofs, including the replacement of all or any part of a roof, must be approved by the ARC. No asphalt roofs shall be permitted. All required heat and plumbing vents shall not penetrate the roof on the road-side of the building unless determined to be absolutely necessary by the ARC. In all events such vents and roof edge flashing shall be painted the same color as the roof. A sample of the material to be used, including the color of the material, must be submitted with the application for approval of a roof or for the replacement of a roof with any material other than the existing material. All room main spans shall have a slope or pitch of a minimum of five feet of rise for each twelve feet of lateral distance, or 5/12. Roofing materials shall be cement tiles or other materials of similar usable life approved by the ARC.

6.11 Window Frames. Window frames must be either anodized or electronically painted. If a window frame is steel, the color should be in harmony with the exterior of the Home. No mill finish aluminum color will be allowed. .

6.12 Front, Rear and Side Facades. The treatment of the rear and side facades will be similar to that of the front elevations of the Home and similar materials (as determined by the ARC) will be used.

6.13 Garages. No carports will be permitted. Garage doors may have embossed facing window panels (but only in the upper panel of the garage door). All garaged doors must be color compatible with the Home exterior. Garage doors must be functional at all times and be equipped with automatic door openers. No screening shall be permitted across garage fronts.

6.14 Driveway and Walkways. All replacement driveways and/or walkways must be constructed in the same style and of the same materials utilized by the original builder in the construction of the original driveway and/or walkway. All requests for the extension of modification of a driveway must be submitted to the ARC with an application and lot survey. No painting allowed only clear coat sealants.

6.15 Signs. The following signs shall be permitted:

6.15.1 Such signs as Association shall establish as being necessary for purposes of orientation, directional, or traffic control.

6.15.2 Such signs as are presently authorized to developers and builders until such time as the Lots are sold. Notwithstanding anything to the contrary herein, contractors may place permit boards on a Lot when required by the county code. Such signs must be removed immediately upon completion of construction. No contractor signs are allowed.

6.15.3 Owners shall not display or place any sign of any character, whatsoever, including “for rent”, “for sale” or brokerage signs on the Community Property. Association will be responsible for providing and placing any and all signage on Community Property which is properly applied for by Owner.

6.15.3.1 Owner must submit a completed signage order form and fee to the Association for sign placement no later than thirty (30) days prior to the date which the Owner desires to have a “for sale/rent” sign placed on any Lot. All signs will be standard and uniform in size, color, quantity and quality for all Lots and subject to the (“Signage Guidelines”) attached hereto as Exhibit D.

6.15.4 No other signs of any kind shall be displayed in the public view on any property within Solivita and all Owners of property subject to these Architectural Review Requirements do hereby grant to Association and the ARC, the right to enter upon their property for the purpose of removing any unauthorized signs.

6.16 Games, Play Structures and Recreational Equipment. No basketball-backboard, outdoor play equipment, skate board ramp, swing set, gym, sand box, nor any other fixed or portable game or play structure including, without limitation, portable goals, platform, dog house, playhouse or structure of a similar kind or nature shall be constructed on any part of a lot located within the sign of the street or any neighboring properties unless property screened as determined by the ARC. All such structure must have the prior written approval of the ARC.

## 6.17 Fences and Walls

6.17.1 No fence or walls shall be constructed on any Home without the prior approval of the ARC. The ARC may require the composition and color of any fences or walls to be consistent with the material used in the Home, surrounding Homes and other fences, if any. The use of landscaping is to be encouraged in place of walls and fences. No chain link fences will be permitted. All fences will include the landscaping required by the ARC, which landscaping will be a minimum of twenty-four inches (24”) in height and be planted at least twenty-four inches (24”) on center. Such consent may require the installation of additional landscaping on either or both sides of the fences. All fenced-in areas will be the landscape maintenance responsibility of the Owner unless the Owner provides gate access with a minimum width of forty-two inches (42”) to the landscape maintenance provider. If a hedge is required to be installed in front of the fence, the Owner will be responsible for maintain the hedge at a height no higher than the height of the fence. Opaque screening for air conditioning equipment

shall be indicated on plans submitted to the ARC. The ARC may adopt sample standards by which fences and walls may be built.

6.17.2 Any and all fencing/walls located on the Community Property shall be subject to the (“Fencing Guidelines”) attached hereto and incorporated herein by reference as Exhibit B. The ARC may withhold its consent for the installation of any fence or wall that does not meet the Fencing Guidelines and any standards set forth herein. Without limiting any other provision hereof, the ARC may require supplemental planting and/or ground cover to enhance the appearance of any fencing.

6.17.2.1 Interior Lots. Fences outside the buildable area of the site shall not exceed four feet (4’) in height.

6.17.2.2. Property Lines. Fences on property lines shall only be permitted along the interior rear and interior side yards. All such fences shall not extend forward of the constructed building edge for the Home they serve on Front Yard and Side Yard streets. Fences along golf courses, lakes, ponds, or open public spaces shall be installed a minimum of five (5’) from the property line.

6.17.2.3 Decorative Fences. Fences within the Front Yard setback shall be decorative only. Such fences shall not exceed three feet (3’) in height, and require ARC approval.

6.17.2.4 Color Fences. Fences along with golf courses, lakes, ponds or open public space edges and along yards within the Back Yard setback dimensions of those specified Lots shall be the color recommended by the ARC. Such fences shall be of aluminum, and shall appear as decorative railing. Spacing shall be governed by code concerns of enclosure, if applicable, but no less than that minimum prescribed.

6.18 Landscaping Criteria. Basic landscaping plans for each Home or the modification to any existing landscaping plan must be submitted to and approved by the ARC. All landscaping must be installed as to fit in with neighboring properties. The ARC may reject the landscape plan based upon its review of its overall design and impact. Such landscaping plan must detail the location of beds and planting materials. New plantings shall require the Owner to maintain such area at such Owner’s own cost or pay to the Association the additional cost of maintaining new plantings as determined by the Association as the Association shall lonely maintain landscaping as installed by Developer or the Association. The planting of dangerous plants resulting in unusual or excess debris will not be permitted. No invasive or non-native (e.g., melaleuca, Brazillian pepper) plants are permitted. No landscaping shall be removed without prior written approval of the ARC. Each Owner is solely responsible for compliance with landscaping and zoning codes.

6.19 Swimming Pools. Swimming pools are not permitted within Lots, without the prior approval of the ARC. No above ground pools are permitted. Any

swimming pool to be constructed on lay Lot shall be subject to the requirements of the ARC, which include, but are not limited to, the following:

6.19.2 No lighting of a pool or other recreation area shall be installed without approval of the ARC, and if allowed shall be designed for recreation character so as to buffer the surrounding Homes from the lighting;

6.19.3. All applications for the installation of a swimming pool must be accompanied with a certified survey no more than ninety (90) days old of the Home and the proposed pool and a building permit. The pool must comply with all applicable set-back requirements;

6.19.4 Pool filter equipment must be placed out of view of neighboring properties and the noise level to neighboring properties must be considered in locating equipment. Pool equipment should be located at a minimum of five feet (5') from the property line and in a location which is a least intrusive to neighboring properties. If garages are located along property lines, then pool equipment may be located between parallel garage walls within the five feet (5') setback, but no greater than three feet (3') from the property line. The need to screen equipment may be necessary. All screening must have the prior written approval of the ARC and must be color compatible with the home; and

6.19.5 Pool heating equipment must comply with all applicable building, zoning and fire codes. Such equipment must be screened with landscaping material. All screening must have the prior written approval of the ARC.

6.20 Screened Enclosures. No screened enclosure shall be installed unless approved by the ARC. The approval of the ARC may address color, height, setbacks, buildable area radius, and other like factors. The ARC may adopt sample standards by which screened enclosures may be built.

6.20.1 The screening of front porches and entryways must comply with all applicable building, zoning and fire codes. Screen enclosures should be white or bronze for all structural components with charcoal screens, unless otherwise, provided by the ARC. In addition, the ARC has adopted sample standards by which the screening may be built.

6.20.2 Pool/screen enclosures should be white or bronze for all structural components with charcoal screens, unless otherwise provided by the ARC, other than those portions of the pool enclosures which exist entirely within the buildable area of the site.

6.20.3. Pool/screen enclosures should be no wider than the width of the building to which they are attached less five feet (5') with the side extremes of the

enclosure inset a minimum of two foot six inches (2'-6") from the end corners of the buildings to which they are attached.

6.21 Courts. Tennis courts, play courts and game courts are not permitted within Lots.

6.22 Garbage and Trash Containers. No Home shall be used or maintained by an Owner as a dumping ground for rubbish, trash or other waste. All trash, garbage and other waste shall be kept in sanitary containers and, except during pickup, if required to be placed at the curb, all containers shall be kept out of public view from either the front of a Home or from neighboring properties.

6.23 Temporary Structures. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other out building shall be used on any Home at any time as a Home either temporary or permanently.

6.24. Window/Wall Air Conditioning Units. No window or wall air conditional unit may be installed in any window or exterior wall of a Home.

7.1.1.6. Replace existing roof with identical roof material.

7.1.1.7. Replacement of exterior lighting not adversely affecting any neighboring Home.

7.1.1.8. Replace existing hurricane shutters with identical hurricane shutters previously approved by the ARC.

7.2 Within Five (5) Days.

7.2.1 Notwithstanding any provision herein to the contrary, unless the ARC disapproves one of the following proposed improvements within five (5) days after the ARC receives written request for such approval, the request shall be deemed approved by the ARC.

7.2.1.1. Installation of an antenna designed to receive direct broadcast satellite services, video programming services via multipoint distribution services, and/or television broadcast services.

7.2.1.2 Installation of a satellite earth station antenna that is one (1) Meter or less in diameter.

All references in this paragraph to “identical” shall mean that such item shall be replaced with an item that is identical in all aspects to the existing item (i.e., the identical style, texture, size, color, type, etc.).

8. Deviations. No Construction may commence until the final plans and specifications have been approved by the ARC. No deviations from the approved plans and specifications shall be permitted and the ARC may require work to be stopped if a deviation is discovered until the deviation is corrected. Association may withhold issuance of its Certificate of Compliance if the completed Home deviates from the ARC approved plans and may take appropriate action against the responsible parties to require conformance to the ARC approved plans.

9. Administrative Fees and Compensation. As a means of defraying its expense, the ARC may institute and requires a reasonable filing fee to accompany the submission of the preliminary plans and specifications, to be not more than one fourth of a percent (1/4%) of the estimated cost of the proposed improvement, subject to a minimum fee of Twenty-Five and no/100 dollars (\$25.00). No additional fee may be required for re-submissions. No member of the ARC shall be entitled to any compensation for services performed pursuant to these Architectural Review Requirements. In addition, if special architectural or other professional review is required of any particular improvement, the applicant may also be responsible for reimbursing the ARC for the cost of such a review.

10. Liability. Notwithstanding the approval by the ARC of plans and specifications submitted to it or its inspection of the work in progress, neither it, Developer, and/or its affiliates, Association, nor any other person acting on behalf of any of them, shall be responsible in any way for any defects in any plans or specifications or other material submitted to the ARC, nor for any defects in any work completed pursuant thereto. Each applicant submitting plans or specifications to the ARC shall be solely responsible for the sufficiency thereof and the adequacy of improvements constructed pursuant thereto. In no event shall the ARC, Association, or Declarant and/or its affiliates owe any duty to any Owner or any other party with respect to the quality of the construction or the compliance of the construction with approved plans and specifications and the respective Owner shall indemnify and hold harmless the ARC, Association, and Declarant and/or its affiliates from any and all claims resulting therefrom including reasonable attorneys' and paraprofessional fees and costs. The approval of any proposed improvements or alterations by the ARC shall not constitute a warranty or approval as to and no member or representative of the ARC or the Board shall be liable for, the safety, soundness, workmanship, materials or usefulness for any purpose of any such improvement or alteration nor as to its compliance with governmental or industry codes or standards. By submitting a request for the approval of any improvement or alteration, the requesting Owner shall be deemed to have automatically agreed to hold harmless and indemnify the aforesaid members and representatives, Declarant and/or its affiliates and Association, generally, from and for any loss, claim or damages connected with such aspects of the improvements or alterations.

11. Construction by Owners. The following provisions govern construction activities by Owners after consent of the ARC has been obtained:

11.1 Miscellaneous. Each Owner shall deliver to the ARC copies of all construction and building permits as and when received by the Owner. Each construction

site in Solivita shall be maintained in a neat and orderly condition throughout construction. Construction activities shall be performed on a diligent, workmanlike and continuous basis. Roadways, easements, swales, Community Property and other such areas in Solivita shall be kept clear of construction vehicles, construction materials and debris at all times. No construction office or trailer shall be kept in Solivita and no construction materials shall be stored in Solivita subject, however, to such conditions and requirements as may be promulgated by the ARC. All refuse and debris shall be removed or deposited in a dumpster on a daily basis. No materials shall be deposited or permitted to be deposited in any canal or waterway of Community Property or other Homes in Solivita or be placed anywhere outside of the Home upon which the construction is taking place. No hazardous waste or toxic materials shall be stored, handled and used including without limitation, gasoline and petroleum products except in compliance with all applicable federal, state and local statutes, regulations and ordinances, and shall not be deposited in any manner on, in or within the construction or adjacent property or waterways. All construction activities shall comply with these Architectural Review Requirements. Any permit boards or signs must be removed immediately upon completion of construction and work activities shall comply with these Architectural Review Requirements. Any permit boards or signs must be removed immediately upon completion of construction and work activities. In the event an Owner fails to comply with the foregoing, the ARC shall have the right but not the obligation, to cause the boards and/or signs to be removed and to charge an Individual Assessment against the Owner to cover the cost of removal including, without limitation, an administrative fee equal to the great of \$50 or 15% of the cost of such removal.

11.2 Required Lists. There shall be provided to the ARC a list (name, address, telephone number and identity of contact person), of all contactors, subcontractors, materialmen and suppliers (collectively, "Contractors") and changes to the list as they occur relating to construction. Each builder and all of its employees and contractors and their employees shall utilize those roadways and entrances into Solivita as are designated by the ARC for construction activities. The ARC shall have the right to require that each builder's and contractor's employees check in at the designated construction entrances and to refuse entrance to persons and parties whose names are not registered with the ARC.

11.3 Owner Responsibility. Each owner is responsible for insuring compliance with terms and conditions of these Architectural Review Requirements by all of its employees and Contractors. In the event of any violation of any such terms or conditions by any employee or Contractor, or, in the opinion of the ARC, the continued refusal of any employee or Contractor to comply with such terms and conditions, after (5) days' notice and right to cure, the ARC shall have, in addition to the other rights hereunder, the right to prohibit the violating employee or Contractor from performing any further services in Solivita. Each Owner is responsible for restoring any Community Property damaged or destroyed by work activities of such Owner's Contractor(s).

11.4 ARC Standards. The ARC may, from time to time, adopt standards governing the performance or conduct of Owners, contractors and their respective

employees within Solivita. Each Owner and contractor shall comply with such standards and cause its respective employees to also comply with same. The ARC may also promulgate requirements to be inserted in all contracts relating to construction within Solivita and each Owner shall include the same therein.

12. Inspection. There is specifically reserved to Association and ARC and to any agent or member of either of them, the right of entry and inspection upon any portion of Solivita for the purpose of determination whether there exist any violation of the terms of any approval or the terms of the Declaration or these Architectural Review Requirements. Without limiting the foregoing, the ARC shall have the right to make or cause inspections to be made during the construction of any structure or improvement to ensure that such structure or improvement is being constructed in accordance with the plans previously submitted to and approved by the ARC.

13. Violation. If any improvement shall be constructed or altered without prior written approval, or in a manner which fails to conform with the approval granted, the Owner shall, upon demand of Association or the ARC, cause such improvement to be removed, or restored until approval is obtained or in order to comply with the plans and specification originally approved. The Owner shall be liable for the payment of all costs of removal or restoration including, without limitation, all costs and attorney's fees and paraprofessional fees at all levels including appeals, collections and bankruptcy, incurred by Association or ARC. The costs shall be deemed an Individual Assessment and enforceable pursuant to the provisions of the Declaration. The ARC and/or Association is specifically empowered to enforce the architectural and landscaping provisions of the Declaration and these Architectural Review Requirements, by an legal or equitable remedy.

14. Court Costs. In the event that it becomes necessary to resort to litigation to determine the propriety of any constructed improvement or to cause the removal of any unapproved improvement, Association and/or ARC shall be entitled to recover court costs, expenses and attorneys' fees and paraprofessional fees at all levels, including appeals, in connection therewith.

15. Exemption. Notwithstanding anything to the contrary contained in these Architectural Review Requirements, any improvements of any nature made or to be made by Declarant or Club Owner, or their nominees or affiliates, including, without limitation, improvements made or to e made to the Community Property, Club or any Home, shall not be subject to the review of the ARC, Association, or the provisions of these Architectural Review Requirements.

16. Supplemental Exculpation. Developer, Association, the directors or officers of Association, the ARC, the members of the ARC, or any person acting on behalf of any of them, shall not be liable for any cost or damages incurred by any Owner or any other party whatsoever, die to any mistakes in judgment, negligence, or any action of Developer, Association, ARC or their members, officers, or directors, in connection with the approval or disapproval of plans and specifications except as otherwise provided by

law. Each Owner agrees, individually and on behalf of its heirs, successors and assigns by acquiring title to a Home, that it shall not bring any action or suit against Developer, Association or their respective directors or officers, the ARC or the members of the ARC, or their respective agents, in order to recover any damages caused by the actions of Developer, Association, or ARC or their respective members, officers, or directors in connection with the provisions of the Section except as otherwise provided by law. Association does hereby indemnify, defend and hold Developer and the ARC, and each of their members, officers, and directors harmless from all costs, expenses, and liabilities, including attorneys' fees and paraprofessional fees at all levels, including appeals, of all nature resulting by virtue of the acts of the Owners, Association, ARC or their members, officers and directors. Developer, Association, its directors or officers, the ARC or its members, or any person acting on behalf of any of them, shall not be responsible for any defects in any plans or specifications or the failure of same to comply with applicable laws or code nor for any defects in any improvements constructed pursuant thereto. Each party submitting plans and specifications for approval shall be solely responsible for the sufficiency thereof and for the quality of construction performed pursuant thereto.

17. Amendments to Architectural Review Requirements. The ARC shall recommend from time to time to the Board modifications and/or amendments to these Architectural Review Requirements. Any modifications or amendments to these Architectural Review Requirements shall be consistent with the provisions of the Declaration, and shall not be effective until approved by the Board and, prior to the Community Completion Date, by Developer. Notice of any modification or amendment to these Architectural Review Requirements, including a verbatim copy of such change or modification, shall be posted within Solivita, provided, however, the posting of notice of any modification or amendment to these Architectural Review Requirements shall not constitute a condition precedent to the effectiveness or validity of such change or modification.

**FEE SCHEDULE**

Estimated fees are as follows:

1. Express Approval Items: No Charge.
2. Structural Changes: Association's actual costs of review plus ten percent (10%). Actual costs may include, without limitation, architect and engineer fees.

**FENCING GUIDELINES**

As per the amended and restated Solivita Declaration Section 16.47 Fences and Walls, no walls or fences shall be erected or installed without the prior written approval of the Architectural Review Committee. These guidelines are presented to provide a clear understanding of the fencing requirements within the Community.

The use of landscaping is encouraged in place of walls and fences. Landscaping of minimum installed height of 24 inches and maximum maintained height of 48 inches planted at 24 inches on center may be required around the exterior of residential fences or walls. The new plantings shall require the Owner to maintain such area at such Owner's own cost or pay to the Association the additional cost of maintaining the new plantings as determined by the Association. The additional costs will be billed annually by the Association directly to the homeowner.

No fence shall be approved that impedes drainage on or adjacent to the lot.

Fences and walls shall be maintained by the applicant in a "like new" condition at all times.

In areas where property faces two roadways, or is located in any area constructed to be a corner lot, no fence or wall shall be located within the clear visibility triangle as established within the Polk County Land Development Code Section 711.

Pool enclosure safety barrier fencing shall not be less than four feet (4') in height per Polk County Land Development Code Section 210.

Only **black, or bronze** rail aluminum fences may be permitted with a maximum height not to exceed four feet (4'). Fencing style shall be similar to the "Ascot" as manufactured by "Alumni-Guard". Fencing shall have 2" square posts with minimum 5/8" square pickets. Spacing shall be governed by code requirements if applicable, but no less than the minimum prescribed. Access gates will be required for all fencing with minimum width of 42". All gates must be equipped with spring-loaded, self-closing hinges and gravity latches. No chain link fencing will be permitted.

It is required that plans submitted for ARC approval for fencing and walls be depicted on house/lot survey showing the necessary setbacks required along with appropriate landscaping.

Fencing shall extend from the rear corners of the dwelling unity and at no time extend beyond the constructed dwelling into the side yard or front yard. At no time will fencing be outside the envelope of the home.

Fencing shall be categorized into several types as explained below:

Rear Lot Line, Lake Front and Golf Course Properties

Fences along golf course, lake or pond, or open public space shall be installed a minimum of five feet (5') from the rear of the property line. No walls will be permitted. Landscape screen is not required.

Side & Rear Lot Lines Not Facing Street, Sidewalk or Lake

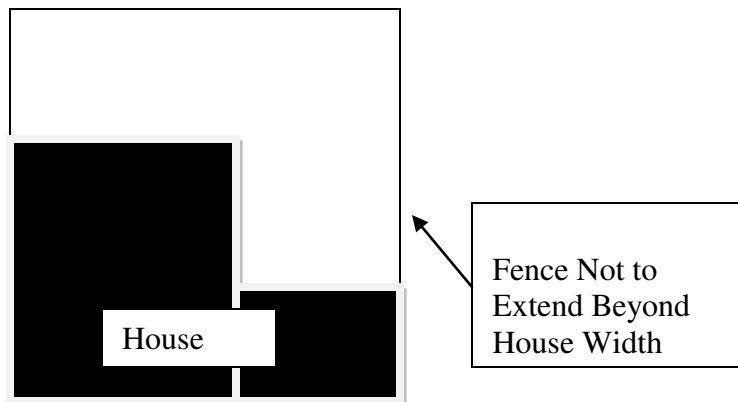

Fences shall be installed a minimum of five feet (5') from the rear property line and a minimum of five feet (5') from the side property line. *Landscape screen will be required of minimum installed height of 24 inches planted at 24 inches on center.*

Four feet (4') high concrete masonry block or solid concrete wall with stucco and painted to match house color shall be permitted for *back to back lots* for added privacy. Wall shall be no closer than five feet (5') from rear property line, a maximum of ten feet (10') from the rear of the house and shall not extend beyond than the width of the house. *Landscape screen will be required of minimum installed height of 24 inches planted at 24 inches on center.*

Lot Lines Facing Street or Sidewalk

Fences shall be installed a minimum of five feet (5') from the property line. *Landscape screen will be required of minimum installed height of 24 inches planted at 24 inches on center.*

Four feet (4') high concrete masonry block or solid concrete wall with stucco and painted to match house color shall be permitted for *corner lots* for added privacy. Wall shall be no closer than five feet (5') from rear property line, a maximum of ten feet (10') from the rear of the house and shall not extend beyond than the width of the house. *Landscape screen will be required of minimum installed height of 24 inches planted at 24 inches on center.*
